SC DEPT. OF TRANSPORTATION QUALIFIED PRODUCTS LISTS & POLICIES

The South Carolina Department of Transportation (SCDOT) maintains Qualified Products Lists (QPL) for a variety of pre-qualified materials that may be used on construction & maintenance projects as specified in the project proposal. If a QPL is referenced, only the pre-qualified products may be used.

The Qualified Products Policies (QPP) provide information to the manufacturer of the material to assist them in obtaining pre-qualified status. Each QPL & QPP indicates when the last revision occurred & a contact name in the event assistance is required.

For information about the QPL lists & the policy & procedures governing the testing & approval of those products, please visit the Materials & Research page at http://www.scdot.org/doing/rm_lab.asp. This site allows access to the contents of the various lists & also access to the published policy by selecting the date listed under the Policy or the List categories.

VENDORS,

DON'T NEGLECT TO CHECK THE STATE'S FIXED PRICE BIDS

If authorized by the original solicitation, the State may use "competitive fixed price bidding" to create procurements with an open response date.

These fixed price bids are advertised in SCBO once, but the solicitation may provide for bids to be accepted continuously or periodically during the contract term.

The links below take you to a listing of all open solicitations conducted by the central purchasing office using the competitive fixed pricing bidding rules.
